

Winner United Methodist Church Wedding Guidelines

Modified January 2018

Information for members that want to get married at the church:

Hello! We are excited that you would like to get married in your church. We are happy that you are choosing the church to celebrate your covenant marriage. Please be aware that prior to marriage you will complete a marriage assessment and then meet with the Pastor for three sessions to work through your pre-marriage counseling and to make and finalize plans for your wedding.

We invite you to talk with the Pastor after church one Sunday, to call him at the church, or to meet with him at another time to set a date for your wedding. In order to secure the date on the church calendar, you will need to complete the Wedding Information Form and pay half of your wedding costs. The balance of your wedding costs will be due three weeks before your wedding date.
