Weekly Spotlight —
Young Mom's Group

What is the purpose of the Young Mom's group? At first, it was for Moms to gather in the context of God, raising children with God, and to support one another. The group grew and split into two groups and both have increasingly been about faith development and being in closer relationships with each other.

What has changed or developed over the years? The "Old Moms" group (led by Misti Burns) now meets twice a month and the focus has become Bible study with "Mom conversations" along the way. The "Younger Moms" has evolved into a couples group (led by Emily and Blake Tideman) that meets once a month, for a meal and a study that helps them grow in their faith and in marriage.

How has this group affected those who are a part? One example would be how the group came around three women who were dealing with cancer. Our "Joy" study led us to chip in and make gift baskets as a way to support these women.
